

## *Dare to be a Linguist*

This half-term our Year 9 French and Spanish students have been involved in a very exciting assembly and workshop regarding careers and languages. We had a guest speaker, Jacob Aitken, founder of **Kidd Aitken** a global legal marketing firm operating in numerous French and Spanish-speaking countries all around the world.

Mr Aitken has shared with Year 9 students his journey with languages and how these have helped him become incredibly successful with his company. Afterwards, our students have been involved in a more “hands-on” activity, where they translated the subtitles to a famous Netflix French/American show, from French into Spanish. Following this, students performed a voiceover in Spanish.

The assembly and the workshop showed our students the clear links between studying languages and the real job market.
