

QUEENS' SCHOOL
Dare to be Scientific

Science Week 8th-17th March

For Science week the Science department did a presentation in all Year group assemblies on AI.

AI can be considered as a part of our future that is here to stay being a tool to help us.

- Drug discovery and development
- Genetic analysis
- Climate modeling
- Predictive analytics in healthcare
- Robotics in laboratory automation

Here are some of the jobs that will disappear or survive AI.

Data entry

Driver

Travel agent

Indeed
Bank Teller

Assisting bank clients with routine financial transactions

Opening new accounts & helping with loan applications

Maintaining & balancing cash drawers

Handling withdrawals & issuing money orders or cashier's checks

Midwife

Teacher

Doctors, nurses and other medical

Researchers

Forensic scientist / CSI

Environmental scientist

Science communicators

Therapists and counsellors

Reflection

- There are many jobs that may be facilitated by AI technology rather than replaced
- Science based jobs tend not to be the ones that are easily replaced by AI

The Science department hopes this has made the students think about their future. Science can open up so many options.

QUEENS' SCHOOL
Dare to be Great

Daring to be *Great* by pursuing our values of Scholarship, Tenacity, Altruism and Respect
