

QUEENS' SCHOOL
Dare to Design

DESIGN & TECHNOLOGY NEWS

Another very busy and creative Term in Design & Technology. As the School year comes to an end we are so pleased to share the wonderful work our students have been creating.

Year 7 Resistant Materials

Learning about Ergonomics, Anthropometrics, different materials and joining them together using a rivet.

Year 8 Resistant Materials

Learning about sustainability and the Earths Ecology, we look to solutions such as these well made bug houses.

QUEENS' SCHOOL
Dare to be Great

Daring to be *Great* by pursuing our values of Scholarship, Tenacity, Altruism and Respect

Year 8 Textiles

Inspired by Nature Year 8's have been looking at printing techniques and creating some interesting cushion designs.

Year 9 Resistant Materials

Learning about Iterative Design and the Memphis Art movement students resolve storage problems using a range of materials and joining methods.

Year 12 Product Design

Product Design students have been producing Memphis Style Lamps. They have shown such a range of different approaches to the brief presented to them and the work demonstrates their creative flare and innovation. Well done to them.

Design Technology presented the Year 8 Junior Apprentice

Students put all their creativity and business minds together to create, present and promote their own invented chocolate bars. The Year 8 groups showed amazing team work and there were some spectacular presentations and video promotions, not sure we could have produced anything to their standards. There were prizes for the most creative and professional projects.

Have a wonderful safe summer holiday
From the Design & Technology Department
