

QUEENS' SCHOOL
Dare to have a Voice

'A message from our Head Student'

It's nearing the end of my time at Queens' School - and it's certainly been a busy final full term!

All those that came to watch House Music last week will know that it was an incredible display of hard work and determination from each House. I thoroughly enjoyed working with students from all year groups to produce the winning overall performance. Go Attenborough!

Not too long ago the School had an OFSTED visit. During this visit, groups of students throughout the school were pulled aside and asked for their views about the School. During my own group meeting I was reminded of the vast range of opportunities that Queens' School provides for students, and was proud to hear only praise for our School. I have no doubt that the eventual OFSTED outcome will be a great one - thanks to the students and staff who work together to make our simply outstanding community.

As always, during this last term, we've seen multiple charity events run by our various Houses and societies alike - all looking to raise money for their chosen good causes. One example was our famous Valentine's Fair that had everyone feeling the love - whether that be from the sweets or the prizes won!

As a Captain Team we have also been working hard organising Queens' Fest! This event is a Community Summer Fair, with music being the main attraction and performance by students and local bands too. However, there will be activities for all the family - including bouncy castles, fairground rides, a tombola, raffle prizes and much much more! Please save the date - Saturday 28 June from 2.00pm to 8.00pm. There will be student run stalls with face painting, craft projects and more all around the venue. There will also be food trucks, drinks and sweet treats sold throughout the day, supported by the QPA. This is a very exciting event and I hope to see many of you there!

To end, I'd like to say that it has been an honour and a privilege to serve as Head Student at Queens' School. I hope your voices were heard and inspired by what we as a student leadership team have managed to do - and I hope that our legacy is taken up, and continued. Always reach for the sky - but never let that be your limit.

Thank you,
Joy Muiruri
