MATHEMATICS DEPARTMENT NEWS

Year 7 Maths Challenge Final

On Thursday 24 April, four of our talented Year 7 students rose to the occasion in the final of the Annual Year 7 Regional Maths Challenge, held at the Hertfordshire Development Centre in Stevenage.

Hosted by Herts for Learning, the event brought together teams from across the region in a thrilling contest of logic, problem-solving, and speed. The atmosphere was buzzing with excitement as students competed across four challenging rounds. Our Year 7 team impressed with their teamwork, creativity, and quick thinking, proving that maths is far more than numbers and formulas – it's about team work, creative thinking, and having fun along the way.

Although they didn't place in the top three, the team finished with a strong and competitive score, demonstrating great potential and making the school proud with their performance.

Well done to Harrisons, Krish, Blagovest and Andrew for the fantastic tenacity and team spirit they showed throughout the competition.

United Kingdom
Mathematics Trust

A huge well done to our Year 7 and 8 students who participated in the UKMT Junior Maths Challenge. We had some fantastic results with 18 students receiving a Gold certificate, 60 Silver certificates and 88 Bronze certificates. We wish the 7 students going onto the Kangaroo round the best of luck!
